

WARISAN TC HOLDINGS BERHAD

Environment, Health and Safety (EHS) Policy

Warisan TC Holdings Berhad (WTCH) is an investment holding company, and its principal activities include distribution of consumer products, provision of travel and car rental services, distribution and rental of industrial machinery as well as assembly/distribution of commercial vehicle.

WTCH recognizes that the management of Environment, Health and Safety is essential for the longer term sustainability of our environment and ensuring the safety and health of its employees, stakeholders, customers, contractors and vendors. In so doing, we commit to:

- Comply with all applicable environment, health and safety laws and regulations, and other industrial requirements.
- Take every reasonable effort to minimize our carbon footprint and address climate change issues through conserving and optimizing the utilization of earth's resources, and reducing emissions and waste in a responsible manner.
- Provide a safe and conducive work environment that proactively fosters a culture that encourages work safety and minimises occupational hazards.
- Equip all personnel with the right skills and knowledge to enable them to be responsible in ensuring a safe work environment and supporting WTCH in fulfilling its commitment under this policy.
- Encourage and influence our supply chain partners to comply with the necessary Environment, Health and Safety Standards for a sustainable future.

By emphasizing on leadership and empowerment of employees, the management is committed to continually improve and sustain good environment, health and safety management practices.

Tan Keng Meng
